VISION · MISSION · VALUES

VISION

By living our values, Ontario Basketball aspires to be a world-class leader in the development and enrichment of the people in our sport.

MISSION

We provide leadership and structure to enable the sport of basketball to flourish in Ontario.

VALUES

Canadian Sport for Life (CS4L)
We are unwavering in our commitment to basketball development according to the principles of CS4L.

Clarity of purpose
We are clear, committed and passionate about basketball development.

Innovation
We believe that creativity, diversity and flexibility are necessary to thrive in a complex environment.

Relationships
We value collaborative and open relationships between members, volunteers, partners and staff.

Ontario

Premier of Ontario - Première ministre de l'Ontario

March 23 – May 27, 2018

A PERSONAL MESSAGE FROM THE PREMIER

On behalf of the Government of Ontario, I am delighted to extend warm greetings to everyone watching and participating in the Ontario Basketball Association's (OBA) Ontario Cup 2018.

Basketball is a game that demands a lot from its players. It requires great athleticism, technique, ball-handling skills, strength, stamina, strategy and a winning mental attitude.

I want to commend the teams who have come from across Ontario to compete in this provincial tournament. You have gotten to this point because you are all champions! I know that your performances will delight basketball fans and inspire team spirit in your cities and towns.

I thank the OBA for hosting this championship and for promoting excellence in amateur basketball. These games are a great opportunity for the next generation of basketball champions to hone their game and to develop other skills that will serve them well in life.

I also want to acknowledge the fans and family who have come to watch and cheer. Your support and your love of this great sport means the world to these young players.

Please accept my best wishes for an exciting championship.

Kathleen Wynne

Kathleen Wynne
Premier

MESSAGE FROM THE PRESIDENT AND EXECUTIVE DIRECTOR

To all 2018 Ontario Cup Participants and Attendees,

On behalf of the board of directors and staff of Ontario Basketball (OBA), we would like to extend a very warm welcome to all the athletes, coaches, officials, parents, volunteers and spectators to the 2018 Ontario Cup Provincial Championships.

Organizing a tournament of this size and nature is a very time consuming endeavor. This year, Ontario Cup is being hosted in over 10 communities between March 23 to May 27 for U10 Novice to U19 Junior boys' and girls' teams and will see an increase in total registered teams from last year. There will be over 15,000 athletes and 2,500 coaches among the nearly 1,175 teams. Please join us in thanking our tournament host committees and volunteers for all of their efforts in coordinating our pinnacle event.

This is the second year that Ontario Basketball has offered the event program exclusively through a digital platform. This progressive change was made in an effort to include tournament schedules, consider the environment and reduce printing costs. The event program contains everything that you need to know about your Ontario Cup weekend.

One of OBA's guiding values is a commitment to basketball development according to Long Term Athlete Development (LTAD) and Canadian Sport for Life (CS4L), which is a movement to improve the quality of sport and physical activity in Canada, ultimately enhancing physical literacy, improving performance, and increasing lifelong participation. At Ontario Basketball, we are continually striving to ensure that our programs align with LTAD and CS4L.

According to Canada Basketball's LTAD, teams in the U15 Midget, U16 Major Midget, U17 Juvenile and U19 Junior divisions are in the "Train to Compete" stage of development. On behalf of our athletes, Ontario Basketball would like to thank all those Train to Compete coaches who are keeping the development of their players at the forefront of their coaching by ensuring all athletes are in a safe, stage-appropriate training and competition setting that ignites these athletes' passion to participate in basketball for life. To learn more about how CS4L guides OBA's programming and helps children develop as athletes, be sure to read the CS4L Education section of the program.

Ontario Basketball gratefully acknowledges all of our corporate sponsors and partners in development for their continued support of amateur basketball in the province.

Additionally, we would like to thank the Ontario Basketball member clubs and parents. Without the ongoing support and commitment from all our basketball communities across the province, OBA would not have the opportunity to contribute to the development of our youth and have basketball continue to flourish in this country.

The Ontario Cup Provincial Championships are the culmination and celebration of your efforts, commitment and development throughout the basketball season. Safe travels, good luck and have fun!

Yours in basketball,

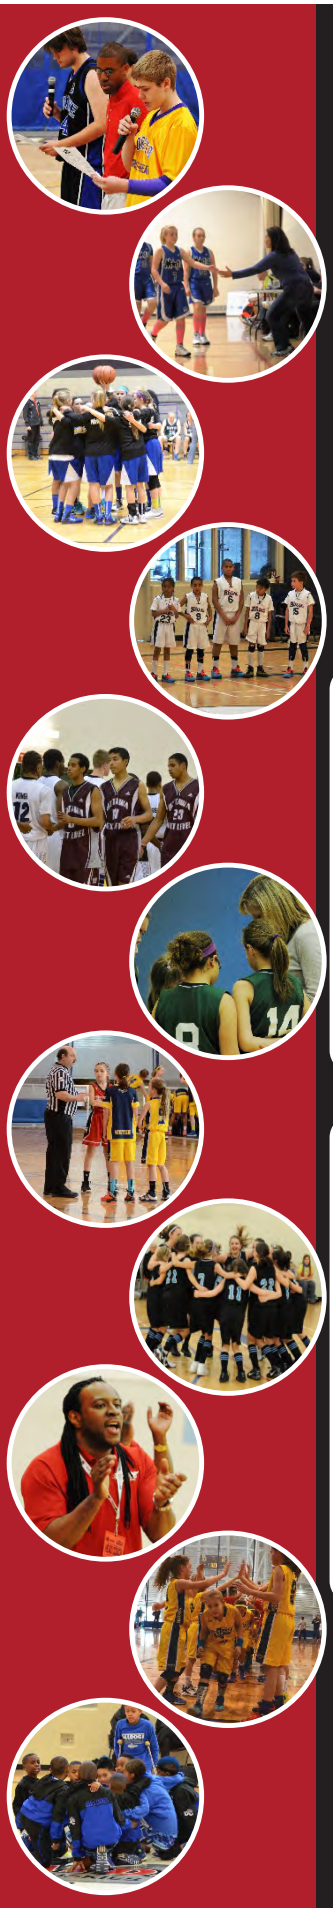

Stephanie Rudnick
President

Fair Play

ONTARIO BASKETBALL

SPECTATOR CODE OF CONDUCT

WHEN ATTENDING GAMES SPECTATORS ARE EXPECTED TO:

ENCOURAGE THE PLAYERS' EFFORT BY ONLY MAKING POSITIVE COMMENTS.
PLAY A POSITIVE ROLE IN THE GAME OF BASKETBALL.
POSITIVELY SUPPORT THE PLAYERS, COACHES AND OFFICIALS.
ENCOURAGE THE PLAYERS TO ABIDE BY THE RULES.
RESPECT THE OFFICIALS' DECISIONS.
CHEER THE PLAYS AND PERFORMANCE OF BOTH TEAMS.
SUPPORT THE COACHES WHO VOLUNTEER THEIR TIME.
SUPPORT THE GAME OF BASKETBALL BY BEING A POSITIVE FAN.
HELP KEEP THE FACILITY CLEAN BY THROWING AWAY ANY GARBAGE.

REMEMBER THAT THE PLAYERS PLAY FOR THEIR OWN ENJOYMENT,
NOT FOR YOURS.

UNACCEPTABLE BEHAVIOUR:

VERBAL OR PHYSICAL ABUSE OF ANY KIND.
QUESTIONING OF ANY OFFICIALS' AND/OR COACHES' DECISIONS IN PUBLIC.
HARASSING ANYONE INSIDE OR OUTSIDE THE FAIR PLAY FACILITY.
USING PROFANE OR FOUL LANGUAGE.
INTERFERING WITH THE GAME OR EVENT.
CHEERING FOR MISTAKES OR ERRORS BY THE OPPOSING TEAM.

AT NO TIME SHOULD SPECTATORS GO ON TO THE BASKETBALL COURT OR APPROACH THE TEAM BENCH AREA. THIS INCLUDES THE TIME WHEN THE PLAYERS ENTER THE COURT FOR WARM UP UNTIL THE TIME WHEN THE PLAYERS LEAVE THE COURT AT THE END OF THE GAME.

IF A SPECTATOR DOES NOT ADHERE TO THE ABOVE CODE OF CONDUCT,
THEY WILL BE ASKED TO LEAVE THE FACILITY.

ONTARIO BASKETBALL, CANADIAN SPORT FOR LIFE AND LONG-TERM ATHLETE DEVELOPMENT

ONTARIO BASKETBALL

At Ontario Basketball (OBA), "we are unwavering in our commitment to basketball development according to the principles of Canadian Sport for Life."

Canadian Sport for Life (CS4L) is one of OBA's values that guides our decision-making. From grassroots programming to clubs and competitions to elite teams, OBA strives to ensure that our structure and programs align with CS4L principles, including ***Long-Term Athlete Development (LTAD)***.

What is Canadian Sport for Life (CS4L)?
www.canadiansportforlife.ca
CS4L is a movement to improve the quality of sport and physical activity in Canada in order to enhance the health, wellness, and sport experiences of all Canadians. The key outcomes of CS4L are physical literacy, improved performance, and increased lifelong participation in physical activity.

What is Long-Term Athlete Development (LTAD)?
www.ltad.ca
The LTAD model is a key feature of CS4L. It is a multi-stage training, competition, and recovery pathway designed to increase participation and optimize performance, guiding individuals' experience in sport and physical activity from birth to adulthood.

LTAD is a holistic approach that not only considers individuals' physical development, but mental, cognitive, and emotional development as well.

LTAD is athlete-centred, coach-driven, and supported by administration, sport science, and sponsors. Every National Sport Organization in Canada, including Canada Basketball, has adopted LTAD and adapted it to their sport.

What are Canada Basketball's LTAD stages of development?
Canada Basketball's LTAD has eight stages, and OBA's club players fall into four stages: Learn to Train, Train to Train, Train to Compete, and Active for Life (see *Figure 1*).

Figure 1

LTAD STAGES

TRAIN TO COMPETE STAGE

DEVELOPING PHYSICAL LITERACY

In the first three stages of development (Active Start, FUNdamentals, and Learn to Train), athletes should learn ***fundamental movement skills*** and develop ***physical literacy*** in a fun environment. They should also begin learning ***fundamental sport skills***.

PHYSICAL LITERACY

Physical literacy means having the confidence and competence to move in various ways in a variety of environments (e.g., land, water, ice, snow).

Physical literacy is the foundation of CS4L. It leads to both sport excellence (Train to Train, Train to Compete, Learn to Win, and Train to Win) and being Active for Life.

FUNDAMENTAL MOVEMENT SKILLS

Fundamental movement skills are basic movement skills, like running, jumping, throwing, and catching, that are necessary to participate in many sports.

The ABCs of movement (Agility, Balance, Coordination, and Speed) are also important skills to master because they underpin all fundamental movements.

FUNDAMENTAL SPORT SKILLS

Fundamental sport skills are fundamental movement skills, like throwing, that are sport-specific, like throwing a basketball to a teammate or into a basketball net. In order for children to be successful in sport, they should master fundamental movement skills before learning fundamental sport skills.

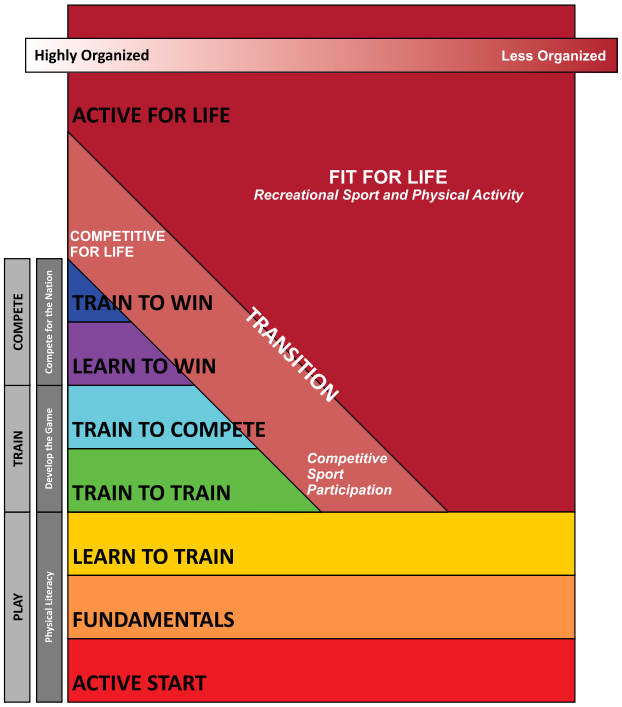

Figure 2 **CANADIAN BASKETBALL SYSTEM**

DEVELOPING THE GAME

At the end of the Learn to Train stage, athletes either move into the Excellence Pathway to begin to "Develop the Game" in the Train to Train stage or they move on to the Active for Life stage.

When players enter the Train to Train stage, they should be physically literate. The goal of the stage is to develop overall basketball players, not positional players. Participants should play different positions to become well-rounded players. By the end of the stage, participants should begin specializing in one sport.

After the Train to Train stage, a small number of elite athletes continue along the Excellence Pathway and enter the Train to Compete stage, while most participants move into the Active for Life stage.

The Train to Compete stage is characterized by pursuing sport excellence through a periodized, high-intensity sport-specific as well as individual training schedule. The major objective of this stage is learning to compete under any circumstance through a high performance daily training environment. Athletes, who are now proficient at performing both basic and sport-specific skills, learn to perform these skills under a variety of competitive conditions during training. This stage also emphasizes personal preparation with individualized fitness plans, recovery programs, psychological preparation routines, and technical development to address each athlete's individual strengths and weaknesses.

COMPETING FOR THE NATION

After the Train to Compete stage, a very small number of athletes advance to the Learn to Win and Train to Win stages to "Compete for the Nation" in international competitions. Athletes who are not training and competing in a high performance daily training environment then transition into the Active for Life stage. Learn to Win and Train to Win athletes play in professional leagues and/or in international competitions representing their country.

TRAIN TO COMPETE STAGE

WHAT DOES LTAD RECOMMEND FOR TRAIN TO COMPETE ATHLETES?

• Focus on one sport and developing sport- and position-specific skills.
• Participate in basketball-specific training six times per week.
• Adhere to the following Training to Competition and Competition-Specific Training Ratio:
- Spend 40% of time in basketball developing technical and tactical skills and improving fitness.
- Spend 60% of time devoted to competitions and competition-specific training, like end of game situations related to time and score (e.g., playing out a scenario of being down by two points with 45 seconds remaining while in possession of the ball in the front-court with both teams in penalty and only having one timeout remaining).
• The most skilled and qualified coaches should lead ***periodized*** training programs that ensure athletes' physical, mental, and emotional needs are adequately addressed.
• Athletes should be supported by an ***Integrated Support Team***.

Being a high performance athlete is about more than just on-court performance. In addition to having the necessary technical basketball skills, high performance basketball players must have other skills, including:
• Mental/Social-Emotional (e.g., passion, leadership, resilience, commitment to training)
• Physiological (e.g., speed, strength, agility)
• Tactical (e.g., decision-making)

High performance programs should address all these aspects of athlete development to provide a holistic training environment.

Periodization is defined as "a strategy to promote long-term training and performance improvements with pre-planned, systematic variations in training specificity, intensity, and volume organized in periods or cycles within an overall program."

A yearly training plan (YTP) incorporates all aspects of an athlete's life (e.g., training, competition, rest and recovery, academics, social life, etc.) and is planned strategically in phases, with varying intensity and volume, which builds towards ensuring athletes peak at one or two culminating competitions throughout the year (e.g., national or international competitions).

A periodized YTP is essential to ensure maximum gains and long-term development for high performance athletes.

An ***Integrated Support Team*** is composed of professionals in sport science, medicine, and administration who provide support for high performance athletes and teams with regards to training, competition and rest and recovery (e.g., physiotherapist, nutritionist, performance analyst, etc.).

WHAT PROGRAMS ARE IN PLACE TO DEVELOP TRAIN TO COMPETE ATHLETES?

Centre for Performance (ages 13-16)
Centre for Performance (CP) is a nationally established program designed to develop athletes for the purpose of competing at the international basketball level. CP is not based on a competition model. Instead, it is a group of athletes training in pods across Ontario with the common goal of improving.

Targeted Athlete Strategy (ages 15-18)
The targeted athlete strategy (TAS) provides identified Canadian athletes with the individualized support that they need in their development to enhance what the team based system already provides. Working with provincial partners, TAS identifies top Ontario athletes within the national team program's depth chart and assesses those athletes to determine their individual areas of need in various core areas of development.

Team Ontario (U15 and U17)
Team Ontario consists of the top male and female basketball players and coaches in the province and the teams are a continual medal favourite at the annual Canada Basketball National Championships.

In 2018, the National Championships will take place from August 6-11. The girl's event will be hosted in Fredericton, NB and the boys will compete in Kamloops, BC.

National Teams (U16-U19)
Athletes and coaches represent the nation at various levels. Within the Train to Compete category, Canada Basketball has Cadet (males) and Cadette (females) national teams (ages U16 to U17) and Junior Men's and Women's national teams (ages U18 to U19).

In 2017, Canada took home silver for men and women at the FIBA Americas U16 Championship and both teams qualified for the FIBA U17 Worlds in 2018. The FIBA U17 Women's Basketball World Cup 2018 will take place in Belarus, Minsk from July 21-29, while the FIBA U17 Men's Basketball World Cup 2018 will take place in Argentina from June 30 to July 8.

BEING ACTIVE FOR LIFE

The majority of the population is in the Active for Life stage. Participants can enter at any time following the Learn to Train stage, and they should be physically literate.

The Active for Life stage has the following three streams:
- ***Competitive for Life:*** Some participants compete in structured, organized sport such as Ontario Basketball's member club teams and provincial championships.
- ***Fit for Life:*** Most Active for Life participants are Fit for Life. They take part in physical activities such as hiking, snowboarding, and yoga as well as recreational sports like pick-up basketball.
- ***Sport and Physical Activity Leaders:*** Being part of the Active for Life stage also means being active in sport as coaches, officials, administrators, and volunteers.

WHAT ARE THE CANADIAN PHYSICAL ACTIVITY GUIDELINES TO BE ACTIVE FOR LIFE?

Youth between ages 12 to 17 should accumulate at least 60 minutes of moderate- to vigorous-intensity physical activity every day, including:
- Vigorous-intensity activities at least three days a week.
- Activities that strengthen muscles and bone at least three days a week (e.g., using free weights, running on an elliptical, etc.).

Moderate-intensity physical activities cause participants to sweat a little and to breathe harder and their heart rates become elevated. Examples include brisk walking and cycling.

Vigorous-intensity physical activities, like running, cause participants to sweat and their heart rates greatly increase.

HOW HAS OBA STRUCTURED ITS CLUB PROGRAMMING TO ALIGN WITH CS4L AND LTAD?

COACHING

CS4L highlights the importance of knowledgeable and qualified individuals leading sport programs using stage-appropriate training to ensure participants' proper development.

Coaching Requirements
- Coaches must be certified through the National Coaching Certification Program (NCCP).
- Coaches for U10 Novice to U12 Major Atom teams must have Learn to Train certification.
- Coaches for U13 Bantam to U19 Junior teams must have Train to Train certification.

RECOMMENDED RESOURCES

Active for Life website (www.activeforlife.com)
Canada Basketball Development Model (www.basketball.ca)
CS4L: A Sport Parent's Guide (www.canadiansportforlife.ca)
Steve Nash Parents' Guide (www.basketball.ca)

TOURNAMENT STRUCTURE

Recovery, for example, performing a proper cool-down or ensuring sufficient hydration, is an important factor in training and performance. Proper rest and recovery is essential for athletes to adequately recover and ultimately achieve optimal performances. If athletes perform in a fatigued state, they will not receive the full benefit of the training session or competition. Additionally, athletes who are being over-trained, without adequate rest and recovery, often experience overuse injuries and in many cases will experience a career-altering or career-ending injury early in their career (e.g., ACL tear, jumper's knee, etc.).

Tournament Structure Requirements
- OBA recommends that teams play a maximum of two games per day in tournaments, which is the format followed for all provincial championships.
- Teams are not permitted to play back-to-back games; they must have at least 90 minutes of rest between games.

FUTURE CHANGES

In keeping with LTAD's philosophy of "Kaizen" (continuous improvement), OBA will continue to make changes to further align our programming with CS4L. Changes may include stage-appropriate league structures, game modifications, and annual periodized training and competition schedules.

For future changes stay connected at **www.basketball.on.ca**.

Discover our Spirit!

I would like to extend a warm welcome to all those attending the 2018 ONTARIO CUP PROVINCIAL CHAMPIONSHIPS. We are delighted that London is hosting the event and it is our hope that you feel right at home as you visit with us.

It is also my pleasure to wish the best of success to the athletes and coaches competing in this major Ontario Basketball event. Your talent and hard work have been recognized and we salute your accomplishments.

We are very proud of our community and we are grateful to you for giving us the opportunity to showcase our city. London is renowned for our friendly hospitality, family attractions, superb shopping and dining facilities. We hope that during your stay you have an opportunity to enjoy some of our city.

Our thanks to the organizers, OBA staff and local volunteers dedicated to the success of this event. Our best wishes to all for a fun-filled and successful tournament.

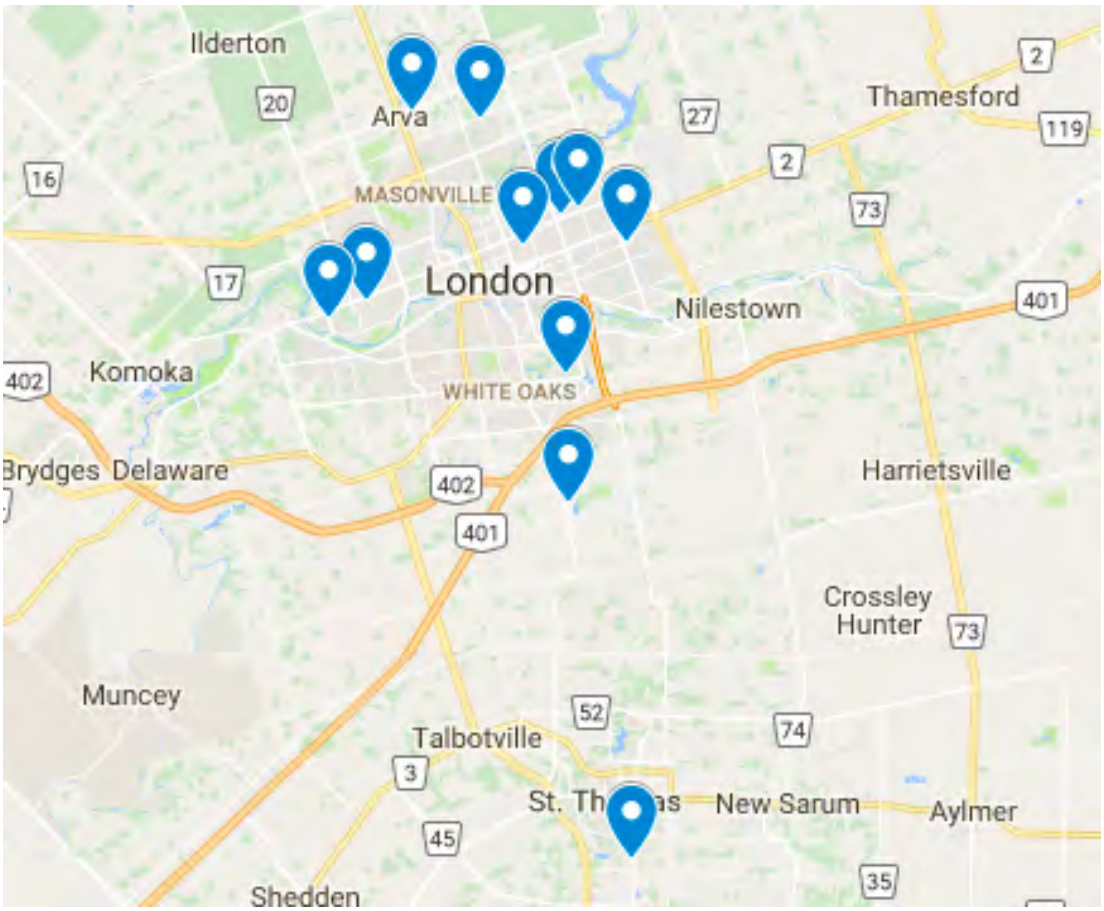

Yours sincerely,

OABO

Ontario Association of Basketball Officials

The Ontario Association of Basketball Officials and Ontario Basketball are working together to promote the good work of our referees. We encourage you to look into becoming an official, to stay in the game and encourage fair play and development.

Interested in becoming an official? visit www.oabo.ca or contact Bruce Covert bcovert@basketball.on.ca

EXCELLENCE
TEAMWORK
OPPORTUNITY

Eastern Ontario Basketball Association
April 27 - 29, 2018 & May 11 - 13, 2018

Welcome to the 2018 Ontario Cup Provincial Championships!

The Eastern Ontario Basketball Association (EOBA) is proud to be hosting both the U16 Girls and U16 Boys and their families in the Nation's Capital. Having the tournament in the Nation's capital means you will not only be treated to a great basketball experience but we also invite you to take in many of the sites that make Ottawa great – the Rideau Canal, the Ottawa River, the Parliament Buildings, Little Italy, and the historic ByWard Market District. What better way to celebrate then by spending a weekend in the Nation's capital.

The EOBA is an Eastern Ontario cooperative of local basketball clubs that work together to provide an opportunity for youth in the Eastern Ontario area to engage in all levels of play. The EOBA is Ontario's largest regional basketball association with over 200 teams ranging from Elite to house league stretching from Cornwall to Pembroke to Ottawa to Belleville. The EOBA works closely with the Ontario Basketball Association to ensure that its programs, league structure and overall direction align with and fit within the Ontario Basketball Association programing while meeting the unique geographic challenges of Eastern Ontario.

This region has long been a hotbed of basketball talent starting with the perennial men's CIS national champion Carleton Ravens. Many of the area's players have gone on to higher levels of the game including Canadian college and University teams, the NCAA and Provincial and National teams. The Eastern Ontario clubs are very proud to play a part in developing players both on and off the court from Novice right through to the rest of their life.

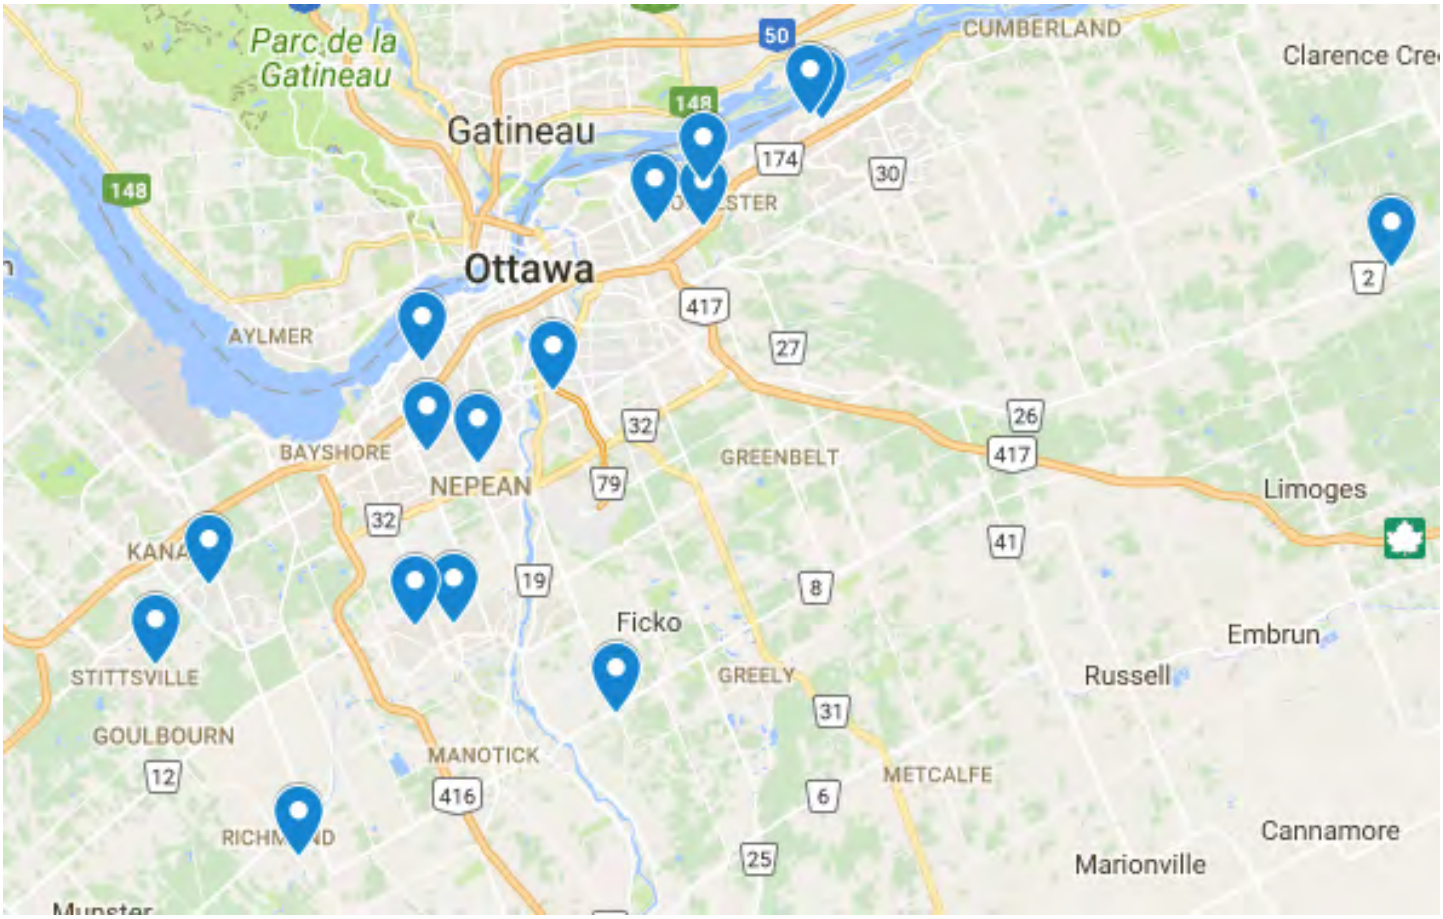

We would like to thank the Ottawa Tourism, the Ottawa Public School Board, the Ottawa Catholic District School Board and the Ottawa Valley Board of Approved Basketball Officials for their support of this tournament. We would also like to thank all the member clubs of the EOBA as well as the other groups who have volunteered to assist this weekend as site conveners, scorers, timers, shot clock operators and in other capacities to make sure that these Championships run smoothly.

We hope that you enjoy your stay this weekend and that all your time, hard work, and dedication from this season will be showcased. Even though only one team will win the ultimate prize, every one of you is already a champion for coming this far. Do your best and make the most of each moment. Make your parents, your coaches, your team, your club, and, most of all, yourself proud. Remember to take a moment this weekend to thank your coaches for their time and effort, your team mates for their friendship and your parents for their support for the 2017-18 season. Best of luck to all the teams!

The EOBA Executive
Jim Tebrake - President (Nepean Blue Devils)
Geoff Crampton - Vice President (Ottawa South Basketball Association)
Dan Case - Fair Play commissioner (Goulbourn Basketball Association)
Ratko Kovincia - Member at Large (Kanata Cavaliers Basketball Association)
Paul Anderson - Member at Large (Gloucester-Cumberland Basketball Association)
Derek Firth - Communications (Ottawa Shooting Stars)

ONTARIO Summer DEVELOPMENT PROGRAM

A well-rounded basketball experience allowing athletes to work on their game in the OFFSEASON!

U12 and U14
Boys & Girls

Regional tryouts are happening across the province.

Don't miss out!

www.basketball.on.ca/OSDP

ONTARIO Summer DEVELOPMENT PROGRAM

Ontario Basketball has re-branded the Talent Identification and Development Program (TIDP) to better reflect the purpose of the program.

The Ontario Summer Development Program (OSDP) is kicking off this summer and we want you to be involved!

What is OSDP?

OSDP is a summer development opportunity for U12 and U14 male and female athletes.

How does the program work?

Regional tryouts are held across the province starting in April. Selected athletes then train regionally for 30 hours with a certified coach. From each regional program, 10 athletes are selected to attend a centralized overnight camp at Athlete Institute in July.

How do athletes benefit?

OSDP will help athletes improve their movement and basketball skills while working with new coaches and teammates. Athletes that are part of OSDP have the opportunity to develop physically, socially and emotionally. Join us!

Where can I find more information?

Visit www.basketball.on.ca/OSDP
